

Endeavour

U.K.

Aroma Hop

Endeavour is a newly bred dwarf variety from a cross made in 2002 at Wye Hops in the UK. This variety imparts unique English flavor notes to beer - like citrus, spicy and red fruits. Early tests show it to be resistant to powdery and downy mildews.

Pedigree	Seedling of Cascade and granddaughter of Target
Aroma	Unique English aroma with spicy and fruity notes
Alpha Acids*	7.5 - 10.6 %
Beta Acids	3.8 - 5.3 %
Cohumulone	30 - 36 % of alpha acids
