

# KETTLE REDI®

Light-stable bitterness.

Highly efficient brewing.

**Introducing Kettle Redi®**, an innovative new hop product that's all natural, efficient and easy to use. Perfect for beer in green and clear glass bottles.

100% hop-derived, no synthetic ingredients

No vegetative matter for less loss, less waste

Standardized alpha acids for consistent bittering

Natural hop oils for "kettle hop" flavor and aroma

**Pleasant bitterness with greater flexibility and brewing efficiency.**

Kettle Redi® delivers a light-stable bitterness to beer that is pleasant and well rounded. And it plays well with the complete lineup of HAAS® light-stable bittering products—Tetrahop Gold®, Hexahop Gold®, and Redihop®—for maximum flexibility in creating great beers that you don't have to drink in the dark!
